Note verbale dated 3 September 2014 from the Permanent Mission of Algeria addressed to the Secretariat of the Conference on Disarmament transmitting the text of selected paragraphs on disarmament and international security of the final document of the XVII Ministerial Conference of the Non-Aligned Movement held from 26 to 29 May 2014 in Algiers

The Permanent Mission of the People's Democratic Republic of Algeria to the United Nations Office at Geneva and other international organizations in Switzerland presents its compliments to the Secretariat of the Conference on Disarmament, and has the honour to transmit herewith, in English, a copy of the section entitled "Disarmament and International Security" of the final document of the XVII Ministerial Conference of the Non-Aligned Movement, held from 26 to 29 May 2014 in Algiers.

The Permanent Mission requests the Secretariat of the Conference on Disarmament to take the necessary steps to ensure that this document is issued as an official document of the Conference on Disarmament.

Disarmament and International Security

143. The Ministers *reaffirmed* and reiterated the long-standing principled positions of the Movement on disarmament and international security, including the decisions taken at the XII Summit in Durban in 1998, the XIII Summit in Kuala Lumpur in 2003, the XIV Summit in Havana in 2006, the XV Summit in Sharm El Sheikh, Egypt, in July 2009, the XVI Summit in Tehran in 2012, the XIII Ministerial Conference in Cartagena in 2000, the XIV Ministerial Conference in Durban in 2004, the Ministerial Meeting held in Putrajaya, Malaysia, in 2006, the XV Ministerial Conference held in Teheran, Islamic Republic of Iran, in 2008 and the XVI Ministerial Conference and Commemorative Meeting of the Non-Aligned Movement held in Bali, Indonesia, in May 2011.

144. The Ministers *reiterated* their continued concern over the current difficult and complex situation in the field of disarmament and international security. In this regard, they called for renewed efforts to resolve the current impasse in achieving nuclear disarmament and nuclear non-proliferation in all its aspects.

145. The Ministers *expressed* their deepest concern over the immediate, indiscriminate, and massive death and destruction caused by any nuclear weapon detonation and its long term catastrophic consequences on human health, environment, and other vital economic resources, thus endangering the life of present and future generations. They *reiterated* further their deep concern at the catastrophic humanitarian consequences of any use of nuclear weapons, and in this context reaffirmed the need for all States at all times to comply with applicable international law, including international humanitarian law. They *stressed* the need to address this issue in the context of the efforts aimed at the realization of a nuclear-weapon-free world and in this regard, they noted continuing relevant international efforts, including the First and Second International Conferences on the Humanitarian Consequences of Nuclear Weapons, held in Norway in 2013 and in Mexico in 2014.

146. *Reaffirming* the absolute validity of multilateral diplomacy in the field of disarmament and non-proliferation, the Ministers *reiterated* their determination to promote multilateralism as the core principle of negotiations in the area of disarmament and non-proliferation. In this regard, they *welcomed* the adoption of General Assembly resolution 68/38 on Promotion of multilateralism in the area of disarmament and non-proliferation.

147. The Ministers *reiterated* their strong concern at the growing resort to unilateralism and in this context, underlined that multilateralism and multilaterally agreed solutions, in accordance with the UN Charter, provide the only sustainable method of addressing disarmament and international security issues.

148. The Ministers *reaffirmed* the Movement's principled positions on nuclear disarmament, which remains its highest priority, and on the non-proliferation of nuclear weapons in all its aspects. They *stressed* the importance that efforts aiming at nuclear non-proliferation should be parallel to simultaneous efforts aiming at nuclear disarmament. They expressed concern at the threat to humanity posed by the continued existence of nuclear weapons and of their possible use or threat of use;

149. The Ministers *reiterated* their deep concern over the slow pace of progress towards nuclear disarmament and the lack of progress by the Nuclear-Weapon States (NWS) to accomplish the total elimination of their nuclear arsenals in accordance with their relevant multilateral legal obligations. They *reaffirmed* the importance of the unanimous conclusion of the ICJ that there exists an obligation to pursue in good faith and to bring to a conclusion negotiations leading to nuclear disarmament in all its aspects under strict and effective international control. They *called upon* the NWS to fulfil their multilateral legal obligations on nuclear disarmament and also to implement the unequivocal undertaking they provided

in 2000 and further reiterated in 2010 so as to accomplish the total elimination of nuclear weapons. They *emphasized*, in this regard, the urgent need to commence and to bring to a conclusion negotiations on comprehensive and complete nuclear disarmament without any further delay.

150. The Ministers *acknowledged* the significant contribution towards realizing the objective of nuclear disarmament made by NAM Member and Observer States, including through the voluntary renunciation of the possession of nuclear weapons by Belarus, Kazakhstan, South Africa and Ukraine.

151. The Ministers, while noting the recent statements by NWS of their intention to pursue actions in achieving a world free of nuclear weapons, *reaffirmed* the need for urgent concrete actions by the NWS to achieve this goal in accordance with their nuclear disarmament legal obligations and commitments. They *reaffirmed* the importance of the application of the principles of transparency, irreversibility and verifiability by NWS in all measures related to the fulfilment of their nuclear disarmament obligations.

152. The Ministers *remained* deeply concerned at the strategic defence doctrines of the NWS, including the "NATO Alliance Strategic Concept", which not only set out rationales for the use or threat of use of nuclear weapons, but also maintain unjustifiable concepts on international security based on promoting and developing military alliances and nuclear deterrence policies. They therefore strongly called upon them to exclude completely the use or threat of use of nuclear weapons from their military and security doctrines.

153. The Ministers *reiterated*, with concern, that improvements in existing nuclear weapons and the development of new types of nuclear weapons as provided for in the military doctrines of some NWS, including the United States Nuclear Posture Review, violate their legal obligations on nuclear disarmament and contravene the negative security assurances provided by the NWS. They stressed once again that these improvements as well as the development of new types of such weapons violate also the commitments undertaken at the time of the conclusion of the Comprehensive Nuclear-Test-Ban Treaty (CTBT) and at the NPT Review Conferences by the NWS.

154. The Ministers *emphasized* that progress in nuclear disarmament and nuclear non-proliferation in all its aspects is essential to strengthening international peace and security. They *stressed* the importance that efforts aiming at nuclear non-proliferation should be parallel to simultaneous efforts aiming at nuclear disarmament. They *reaffirmed* that efforts toward nuclear disarmament, global and regional approaches and confidence building measures complement each other and should, wherever possible, be pursued simultaneously to promote regional and international peace and security. Nevertheless, they stressed that nuclear disarmament, as the highest priority established by SSOD-I and as a multilateral legal obligation, should not be made conditional on confidence building measures or other disarmament efforts.

155. The Ministers *reaffirmed* the importance and the relevance of the UN Disarmament Commission (UNDC) as the sole specialized, deliberative body within the UN multilateral disarmament machinery and reiterated their full support for its work. They expressed regret that UNDC was unable to reach agreement on any recommendation since 2000 due to the lack of political will and inflexible positions of some Nuclear-Weapons States, despite NAM's constructive role and concrete proposals throughout the deliberations, especially in the Working Group on "Recommendations for achieving the objective of nuclear disarmament and non-proliferation of nuclear weapons". While recalling the constructive engagement of the Movement and its proposals on nuclear disarmament and non-proliferation of nuclear weapons submitted to the Commission, they called upon UN Member States to display the necessary political will and flexibility in order to enable the Commission to agree on substantive outcomes in its next cycle.

156. The Ministers *reaffirmed* the importance of the Conference on Disarmament (CD) as the sole multilateral negotiating body on disarmament, and reiterated their call on the CD to agree on a balanced and comprehensive program of work by, inter alia, establishing an ad hoc committee on nuclear disarmament as soon as possible and as the highest priority. They emphasized the necessity to start negotiations in the Conference on Disarmament, without further delay, on a comprehensive nuclear weapons convention that sets, inter alia, a phased programme for the complete elimination of nuclear weapons with a specified framework of time.

157. The Ministers *noted* the adoption of the Program of Work for the 2009 session (CD/1864) by the CD on 29 May 2009 which was not implemented. They expressed their appreciation to the Members and Presidents of the Conference, in particular Algeria, for their tireless efforts in this regard, and to those representatives of Member and Observer States of the Non-Aligned Movement who served as President of the Conference, including the representative of Egypt, for his tireless efforts and for presenting a draft decision on a programme of work for the 2012 session (CD/1933/Rev.1) which was not adopted. They expressed also their appreciation for the tireless efforts of NAM Member and Observer States who presided over the CD during its 2013 sessions, namely India, Indonesia, the Islamic Republic of Iran and Iraq, particularly those that presented proposals in regard to its programme of work (Iran: CD/1952 and Iraq CD/1955), as well as to Ecuador as co-chair of the Informal Working Group established by the Conference decision CD/1956.rev.1 presented by Iraq. They called on the Conference on Disarmament to agree by consensus on a balanced and comprehensive programme of work without any further delay taking into account the security interests of all States. In this regard, the Ministers reaffirmed the importance of the principle contained in the final document of the SSOD-I that "The adoption of disarmament measures should take place in such an equitable and balanced manner as to ensure the right of each State to security and to ensure that no individual State or group of States may obtain advantages over others at any stage." They agreed to continue coordination of efforts at the NAM Chapter in Geneva.

158. The Ministers *commended* the efforts of NAM Member States in advancing the goal of nuclear disarmament. In this regard, they *welcomed* the convening, at the initiative of NAM, of the first-ever high-level meeting of the General Assembly on nuclear disarmament on 26 September 2013, and *underlined* the strong support expressed at that meeting for taking urgent and effective measures to achieve the total elimination of nuclear weapons.

159. The Ministers also *expressed* satisfaction at the adoption of resolution 68/32 on the "follow-up to the 2013 high-level meeting of the General Assembly on nuclear disarmament" proposed by NAM, through which the Assembly:

(a) Calls for the urgent commencement of negotiations in the Conference on Disarmament for the early conclusion of a comprehensive convention on nuclear weapons to prohibit their possession, development, production, acquisition, testing, stockpiling, transfer, use or threat of use and to provide for their destruction;

(b) Decides to convene, no later than 2018, a United Nations high-level international conference on nuclear disarmament to review the progress made in this regard; and

(c) Declares the 26 September as the International Day for the Total Elimination of Nuclear Weapons devoted to furthering this objective, including through enhancing public awareness and education about the threat posed to humanity by nuclear weapons and the necessity for their total elimination, in order to mobilize international efforts towards achieving the common goal of a nuclear-weapon-free world.

160. Moreover, the Ministers *underlined* the importance of UNGA resolution 68/32 as a road map on nuclear disarmament and accordingly stressed the need for an active participation of NAM Member States in all activities related to its implementation. They commended all efforts aiming at promoting the implementation of this resolution, including those undertaken by the Group of 21 in the Conference on Disarmament.

161. The Ministers called for further international, regional and national efforts aimed at advancing the goal of nuclear disarmament. In this regard, they noted with appreciation the efforts of Community of Latin American and Caribbean States (CELAC), including the adoption of a "Special Declaration on Nuclear Disarmament" at its Second Summit, held in Havana, Cuba, on 28 and 29 January 2014.

162. The Ministers, in *reiterating* their support for a comprehensive consideration of the UN disarmament agenda and the ways and means of revitalizing and enhancing the disarmament machinery, *reaffirmed* that a Fourth Special Session of the UN General Assembly devoted to Disarmament (SSOD-IV) remains the most appropriate forum for furthering the priorities established by SSOD-I, including nuclear disarmament as the highest priority for the international community. In this context, while recalling the UNGA resolution 65/66 entitled "Convening of the fourth special session of the General Assembly devoted to disarmament", they *stressed* the importance of active participation in the open-ended working group established by the resolution to consider and reaching consensus on the objectives and agenda of SSOD-IV, including the possible establishment of a preparatory committee.

163. The Ministers *called for* transparency and strict application of the principle of equitable geographical representation, including, in particular in the composition of the membership of the Groups of Governmental Experts established in the field of disarmament and international security. They also *underlined* the importance of transparency and openness of the work of such groups.

164. The Ministers *reaffirmed* that the total elimination of nuclear weapons is the only absolute guarantee against the use or threat of use of nuclear weapons. Pending the total elimination of nuclear weapons, they *called for* the early commencement of negotiations on effective, universal, unconditional, non-discriminatory, irrevocable and legally binding security assurances to all NNWS by all the nuclear-weapon States against the use or threat of use of nuclear weapons under all circumstances as a matter of high priority. They *expressed* concern that despite long standing requests by NNWS to receive such legally binding universal assurances, no tangible progress has been achieved in this regard.

165. The Ministers *stressed* the significance of achieving universal adherence to the Comprehensive Nuclear-Test-Ban Treaty, including by all NWS, which, inter alia, should contribute to the process of nuclear disarmament. They *reiterated* that if the objectives of the Treaty were to be fully realized, the continued commitment of all States signatories, especially the NWS, to nuclear disarmament would be essential. In this context, the ratification of the CTBT by Brunei Darussalam, Chad, Guinea-Bissau and Iraq was welcomed.

166. The Ministers, while noting the conclusion and entry into force of the New START Treaty between the Russian Federation and the United States, *stressed* that reductions in deployments and in operational status cannot substitute for irreversible cuts in, and the total elimination of, nuclear weapons. In this context they *called on* the United States and the Russian Federation to apply the principles of transparency, irreversibility and verifiability to such cuts, to further reduce their nuclear arsenals, both warheads and delivery systems, thus contributing to the fulfilment of their nuclear disarmament obligations and facilitating the realization of a world free of nuclear weapons at the earliest date.

167. The Ministers continued to be concerned over the negative implications of the development and deployment of anti-ballistic missile (ABM) defense systems and the threat of weaponization of outer space which have, inter alia, contributed to the further erosion of an international climate conducive to the promotion of disarmament and the strengthening of international security. The abrogation of the ABM Treaty brought new challenges to strategic stability and the prevention of an arms race in outer space. They remained seriously concerned at the negative security consequences of the deployment of strategic missile defence systems which could trigger an arms race(s) and lead to the further development of advanced missile systems and an increase in the number of nuclear weapons.

168. The Ministers *recognized* the common interest of all mankind and the sovereign rights of all State in the exploration and use of outer space for exclusively peaceful purposes, and *emphasized* that prevention of an arms race in outer space, including a ban to deploy or use weapons therein, would avert a grave danger for international peace and security. They further *emphasized* the paramount importance of strict compliance with existing arms limitation and disarmament agreements relevant to outer space, including bilateral agreements, and with the existing legal regime concerning the use of outer space. They also *reemphasized* the urgent need for the commencement of substantive work in the CD, inter alia, on the prevention of an arms race in outer space, taking note of the joint Russian-Chinese initiative of a draft treaty on the "Prevention of the Placement of Weapons in Outer Space, the Threat or Use of Force Against Outer Space Objects" (PPWT) presented in the Conference on Disarmament on 12 February 2008. They noted that this initiative is a constructive contribution to the work of the Conference, and is a good basis for further discussion toward adopting an international binding instrument.

169. While noting that considerable progress has been made in developing and applying the latest information technologies and means of telecommunication, the Ministers *expressed concern* that these technologies and means can potentially be used for purposes that are inconsistent with the objectives of maintaining international stability and security and may adversely affect the integrity of the infrastructure of States to the detriment of their security in both civil and military fields. In this regard and while taking into account the ongoing efforts within the United Nations, they called upon Member States to further promote at multilateral levels the consideration of existing and potential threats in the field of information security, as well as possible strategies to address the threats emerging in this field. They emphasized that these technologies and means should be utilized by Member States in a manner consistent with international law and the principles and purposes of the UN Charter. They called for the intensification of efforts towards safeguarding cyberspace from becoming an arena of conflict, and ensuring instead the exclusive peaceful uses which would enable the full realization of the potential of ICTs for contributing to social and economic development. They highlighted the central role of governments in areas related to public policy aspects of ICT security.

170. The Ministers *remained convinced* of the need for a multilaterally negotiated, universal, comprehensive, transparent and non-discriminatory approach toward the issue of missiles in all its aspects as a contribution to international peace and security. They *expressed* their support for efforts to be continued within the UN to explore further the issue of missiles in all its aspects. In this regard, they *emphasized* the contribution of peaceful uses of space technologies, including space launch vehicle technologies, to human advancement, such as for telecommunications and data gathering on natural disasters. They also *emphasized* the need to keep the issue of missiles in all its aspects on the agenda of the UN General Assembly and *welcomed* that the Panel of Governmental Experts established in accordance with Resolution 59/67 successfully concluded its work in 2008 and submitted its report to the 63rd session of the UN General Assembly. While welcoming the consensus adoption of the UNGA decision 68/517 on "Missiles", they encouraged follow up efforts to

further examine the elements contained in the conclusions of the Secretary-General's Report A/63/176. Pending the achievement of such a universal approach related to delivery systems for weapons of mass destruction, any initiative to address these concerns effectively and in a sustainable and comprehensive manner should be through an inclusive process of negotiations in a forum where all States could participate as equals. They *stressed* the importance of the security concerns of all States at regional and global levels in any approach to the issue of missiles in all its aspects.

171. The Ministers *believed* that the establishment of Nuclear-Weapon-Free zones (NWFZs) created by the treaties of Tlatelolco, Rarotonga, Bangkok, Pelindaba, the Central Asian Nuclear-Weapon-Free Zone treaty as well as Mongolia's Nuclear-Weapon-Fee-Status are positive steps and important measures towards strengthening global nuclear disarmament and nuclear non-proliferation. They reiterated that in the context of NWFZs, it is essential that NWS should provide unconditional assurances against the use or threat of use of nuclear weapons to all States of the zone. They urged States to conclude agreements freely arrived at among the States of the region concerned with a view to establishing new NWFZs in regions where they do not exist, in accordance with the provisions of the Final Document of the First Special Session of the General Assembly devoted to Disarmament (SSOD-I) and the Principles and Guidelines adopted by the UN Disarmament Commission in 1999.

172. The Ministers *called upon* all the nuclear-weapon States to ratify related protocols to all treaties establishing nuclear-weapon-free zones, withdraw any reservations or interpretative declarations incompatible with their object and purpose, and respect the denuclearization status of these zones.

173. Recalling the convening and the outcome of the Second Conference of the States Parties and Signatories to Treaties that Established Nuclear Weapon Free Zones and Mongolia held in New York, on 30 April 2010, the Ministers *called on* the States parties and signatories to those Treaties to implement further ways and means of co-operation among themselves, their treaty agencies and other interested States. They *expressed* their support for Mongolia's nuclear-weapon-free status and its policy aimed at institutionalizing that status.

174. The Ministers *reiterated* their support for the establishment in the Middle East of a zone free of nuclear weapons and all other weapons of mass destruction. As a priority step to this end, they *reaffirmed* the need for the speedy establishment of a NWFZ in the Middle East in accordance with the Security Council Resolution 487 (1981) and paragraph 14 of the Security Council Resolution 687 (1991) and the relevant General Assembly resolutions adopted by consensus. They called upon all parties concerned to take urgent and practical steps towards the fulfilment of the proposal initiated by Iran in 1974 for the establishment of such a zone. Pending its establishment, they *demanded* on Israel, the only country in the region that has not joined the Treaty on the Non-Proliferation of Nuclear Weapons (NPT) nor declared its intention to do so, to renounce possession of nuclear weapons, to accede to the NPT without precondition and further delay, to place promptly all its nuclear facilities under International Atomic Energy Agency (IAEA) full-scope safeguards according to Security Council Resolution 487 (1981) and to conduct its nuclear related activities in conformity with the non-proliferation regime. They called for the earliest implementation of relevant IAEA resolutions on "Application of IAEA Safeguards in the Middle East". They *expressed* great concern over the acquisition of nuclear capability by Israel which poses a serious and continuing threat to the security of neighbouring and other States, and *condemned* Israel for continuing to develop and stockpile nuclear arsenals. In this context they also *condemned* the statement made by the then Prime Minister of Israel on 11 December 2006, related to the possession of nuclear weapons by Israel. They *urged* the continued consideration of the issue of Israeli nuclear capabilities in the context of the

IAEA, including at the General Conference. They were of the view that stability cannot be achieved in a region where massive imbalances in military capabilities are maintained particularly through the possession of nuclear weapons, which allow one party to threaten its neighbours, and the region. They also *called for* the total and complete prohibition of the transfer of all nuclear-related equipment, information, material and facilities, resources or devices and the extension of assistance in the nuclear related scientific or technological fields to Israel. In this regard, they *expressed* their serious concern over the continuing development whereby Israeli scientists are provided access to the nuclear facilities of one NWS. This development will have potentially serious negative implications on security in the region as well as the reliability of the global non-proliferation regime.

175. The Ministers took into consideration the draft resolution tabled by the Syrian Arab Republic, on behalf of the Arab Group, before the Security Council on 29 December 2003 on the establishment of a zone free of all weapons of mass destruction in the Middle East. They welcomed the initiative presented in 1990 by the Arab Republic of Egypt on the establishment of a zone free of nuclear weapons and all other weapons of mass destruction in the Middle East, and its initiative presented before the 68th session of the United Nations General Assembly on 28 September 2013 containing implementation steps in support of the establishment of the Zone. They also stressed that necessary steps should be taken in different international fora for the establishment of such a zone in the Middle East. They took note with appreciation of the letters sent, in 2013 and 2014, to the United Nations Secretary-General, renewing the support for the establishment of a zone free of all weapons of mass destruction, reflected in the note A/68/781 by the Secretary-General, by: Algeria, Bahrain, Comoros, Djibouti, Egypt, Iran (Islamic Republic of), Iraq, Jordan, Kuwait, Lebanon, Libya, Mauritania, Morocco, Oman, Palestine, Qatar, Saudi Arabia, Somalia, Sudan, Tunisia, United Arab Emirates and Yemen.

176. The Ministers *reiterated* their support for the efforts of the Arab Group in Vienna to keep the question of the Israeli nuclear capabilities under consideration of the General Conference of the IAEA.

177. The Ministers *underscored* the Movement's principled position concerning non-use or threat of use of force against the territorial integrity of any State. In this regard, they *condemned* the Israeli attack against a Syrian facility on September 6, 2007, which constitutes a flagrant violation of the UN Charter and *welcomed* Syria's cooperation with the IAEA in this regard.

178. The Ministers *emphasized* the importance of the observance of environmental norms in the preparation and implementation of disarmament and arms limitation agreements, and in this regard they *welcomed* the adoption of General Assembly Resolution 68/36 on this matter without a vote. They *reaffirmed* that international disarmament forums should take fully into account the relevant environmental norms in negotiating treaties and agreements on disarmament and arms limitation and that all States, through their actions, should contribute fully to ensuring compliance with the aforementioned norms in the implementation of treaties and conventions to which they are parties.

179. The Ministers *emphasized* the importance of the UN activities at the regional level to increase the stability and security of its Member States, which could be promoted in a substantive manner by the maintenance and revitalization of the three regional centres for peace and disarmament.

180. The Ministers of NAM States Parties to the Treaty on the Non-Proliferation of Nuclear Weapons (NPT), while *reaffirming* the package of agreements of the 1995 Review and Extension Conference of the NPT and the Final Document of the 2000 Review Conference of the NPT, and recognizing the crucial role of the NPT in nuclear disarmament, nuclear non-proliferation and the peaceful uses of nuclear energy, were of the view that the

"Conclusions and Recommendations for Follow-on actions" of the 2010 Review Conference of the NPT, represent an outcome that can be built upon and further enhanced in the near future, to fully address the priorities of the Movement, in particular to realise a world free from nuclear weapons. They *called upon* NWS to implement fully and effectively their obligations under the Treaty, in particular in the area of nuclear disarmament, and the outcomes of its Review Conferences, in particular the 1995 Review and Extension Conference, the 2000 Review Conference and the 2010 Review Conference.

181. The Ministers of NAM States Parties to the NPT *stressed* the importance of the review of the operation of the Treaty in the framework of the NPT Review Conferences and in this context *emphasized* that the inclusion of the Review Part of the Final Document of the 2010 NPT Review Conference as an opinion of the President and not as a consensus language should not be considered as a precedent to be followed in the future without prejudice to the prerogatives of the Review Conference.

182. The Ministers of NAM States Parties to the NPT *reiterated* the importance of the full implementation of the action plans adopted by the 2010 NPT Review Conference on nuclear disarmament, on nuclear non-proliferation, on peaceful uses of nuclear energy and on the implementation of the 1995 resolution on the Middle East. They expressed concern at the lack of agreement on a number of key priorities of NAM States Parties to the NPT and *agreed* to continue their collective efforts in pursuing the realization of their priorities in the 2015 NPT review process.

183. The Ministers of NAM States Parties to the NPT *welcomed* the adoption by consensus of a detailed plan of action on "the Middle East, particularly implementation of the 1995 resolution on the Middle East" in the "Conclusions and Recommendations for Follow-on actions" of the 2010 NPT Review Conference.

184. While *expressing deep concern* over the long delay in the implementation of the 1995 Resolution on establishment of a nuclear-weapon-free zone in the Middle East, the Ministers of NAM States Parties to the NPT strongly urged the United Nations Secretary-General and the three cosponsors of the 1995 Resolution on the Middle East to fully implement, without any further delay, in close consultation and coordination with the States of the Middle East, the measures contained in the Action Plan on the establishment of a Middle East zone free of nuclear weapons and all other weapons of mass destruction adopted by the 2010 NPT Review Conference. Recalling the consensus decision contained in the Final Document of the 2010 NPT Review Conference on convening, in 2012, a Conference on the establishment of a NWFZ in the Middle East, they expressed their profound disappointment and serious concern that the conference was not convened in 2012 as scheduled. They underscored that the failure to convene the Conference is contrary to the letter and spirit of the 1995 Resolution on the Middle East and contradicts and violates the collective agreement of the States Parties contained in the Final Document of the 2010 NPT Review Conference. They strongly rejected the arguments presented by the Conveners for not convening the Conference on schedule. They expressed their deep concern that the Conference has not yet been convened and urged the UN Secretary General, the United States, the United Kingdom and the Russian Federation, to convene the Conference without any further delay and to fully assist the facilitator to that end in order to avoid any negative repercussions on the credibility of the NPT, its 2015 Review process and the nuclear disarmament and non-proliferation regime as a whole. They underscored that efforts, by the Conveners and the Facilitator, related to the Conference should be undertaken in accordance with the mandate contained in "Conclusions and recommendations for follow-on actions" adopted by the 2010 Review Conference of the Treaty, and should be focused on convening the Conference at the earliest date in 2014 and on seeking out in advance credible assurances regarding the unconditional participation of Israel, the only country of the region that has not declared its participation in the Conference.

185. The Ministers of NAM States Parties to the NPT *reiterated* their call for the firm commitment by all States Parties to the Treaty to the full and indiscriminate implementation of all the provisions of the Treaty. They further called for the full implementation of the 13 practical steps for systematic and progressive efforts to implement Article VI of the Treaty, particularly an unequivocal undertaking by the NWS to accomplish the total elimination of their nuclear arsenals leading to nuclear disarmament. Pending the total elimination of nuclear weapons, they underlined the agreement by consensus at the 2010 Review Conference of the NPT, which reaffirmed the previous agreements, on practical steps for systematic and progressive efforts to eliminate nuclear weapons; the implementation of the resolution on the Middle East adopted by the 1995 Review and Extension Conference of the NPT; and on providing effective, unconditional and non-discriminatory universal legally binding security assurances to all NNWS parties to the Treaty, which would strengthen the nuclear non-proliferation regime.

186. The Ministers of NAM States Parties to the NPT called upon the NWS to fully comply with their commitments not to use or threaten to use nuclear weapons against NNWS parties to the Treaty or NWFZs at any time or under any circumstances, pending the conclusion of a legally binding instrument on security assurances.

187. The Ministers *reaffirmed* the inalienable right of developing countries to develop research, production and use of nuclear energy for peaceful purposes without discrimination. They continued to note with concern that undue restrictions on exports to developing countries of material, equipment and technology, for peaceful purposes persist. They again emphasized that proliferation concerns are best addressed through multilaterally negotiated, universal, comprehensive and non-discriminatory agreements. Non-proliferation control arrangements should be transparent and open to participation by all States, and should ensure that they do not impose restrictions on access to material, equipment and technology for peaceful purposes required by developing countries for their continued development. They expressed their full confidence in the impartiality and professionalism of the IAEA and strongly rejected any politically motivated attempts by any State to politicize the work of the IAEA, including its technical co-operation programme, in violation of its Statute, as well as any pressure or interference in the Agency's activities which could jeopardize the efficiency and credibility of the IAEA and the inalienable right of developing countries to develop research, production and use of nuclear energy for peaceful purposes without discrimination.

188. The Ministers of NAM States Parties to the NPT *emphasized* once more that nothing in the Treaty shall be interpreted as affecting the inalienable right of all the parties to the Treaty to develop research, production and use of nuclear energy for peaceful purposes without discrimination and in conformity with Articles I and II of the Treaty. They *stressed* that this right constitutes one of the fundamental objectives of the Treaty. In this connection, they confirmed that each country's choices and decision in the field of peaceful uses of nuclear energy should be respected without jeopardizing its policies or international co-operation agreements and arrangements for peaceful uses of nuclear energy and its fuel-cycle policies. Agreed

189. The Ministers *stressed* the need for the further development of the applications of nuclear energy for peaceful purposes in developing countries and the full respect for their right to participate in the fullest possible exchange of equipment, materials and scientific and technological information for the peaceful uses of nuclear energy. They *underlined* particularly the responsibility of developed countries to facilitate, to the fullest extent possible, the transfer, to developing countries, of nuclear equipment, materials, scientific and technological information for peaceful purposes.

190. The Ministers *took note* of the adoption, through a vote, in 2010 and 2011, by the IAEA Board of Governors, of three proposals of assurance of supply mechanisms in the

framework of the multilateral approaches to the nuclear fuel cycle. They highlighted that this issue should be conducted through wide, integral and transparent consultations and negotiations, focusing on its technical, legal, political and economic implications, before any further decision is taken about this complex and sensitive matter. They *emphasized* that decisions should be made by consensus, with the participation of all IAEA member States, and any proposal from IAEA must be consistent with its Statute, without any prejudice to the inalienable right of its member States to research, develop and use for peaceful purposes of nuclear sciences, in all its aspects, including the inalienable right of each State Party, if it so decides, to develop, for peaceful purposes, a full national nuclear fuel cycle in accordance with its rights and obligations under the Treaty on the Non-Proliferation of Nuclear Weapons.

191. The Ministers, *emphasizing* the importance of the positive role played by the Non-Aligned Members in the IAEA, *stressed* the necessity that all members of the IAEA strictly observe its Statute. They *stressed* that any pressure or interference in the Agency's verification process, which could jeopardize the efficiency and credibility of the Agency, should be avoided. They recognised that the IAEA is the sole competent authority for verification of compliance with the obligations under the respective safeguard agreements of the Member States. They also *reaffirmed* that a clear distinction has to be made between the legal obligations of Member States under their respective safeguards agreements and their voluntary undertakings, in order to ensure that such voluntary undertakings are not turned into legal safeguards obligations. Bearing in mind the Agency's responsibility in protecting safeguards' confidential information and given the undesirable incidents of leakage of such information, they emphasized the need for strengthening the regime for the protection of safeguards confidential information.

192. The Ministers *reaffirmed* the inviolability of peaceful nuclear activities and that any attack or threat of attack against peaceful nuclear facilities — operational or under construction — poses a great danger to human beings and the environment, and constitutes a grave violation of international law, principles and purposes of the UN Charter and regulations of the IAEA. They recognized the urgent need for a comprehensive multilaterally negotiated instrument prohibiting attacks or threat of attacks on nuclear facilities devoted to peaceful uses of nuclear energy.

193. The Ministers *affirmed* the need to strengthen the Radiological Safety and Protection Systems at facilities utilizing radioactive materials as well as at radioactive waste management facilities, including the safe transportation of these materials. They *reaffirmed* the need to strengthen existing international regulations relating to safety and security of transportation of such materials. They noted the efforts of the IAEA in this regard, including through the IAEA Action Plan on Nuclear Safety which was unanimously endorsed by the IAEA General Conference. While *reiterating* the need to take appropriate measures to prevent any dumping of nuclear or radioactive wastes, they called for effective implementation of the Code of Practice on the International Trans-boundary Movement of Radioactive Waste of the IAEA as a means of enhancing the protection of all States from the dumping of radioactive waste on their territories.

194. The Ministers *recognized* that the primary responsibility for nuclear safety and nuclear security rests with the individual States. In that sense, they underlined that States with nuclear power programs have a central role in their own countries in ensuring the application of the highest standards of nuclear safety and the responsibility for providing a timely, transparent and adequate response to nuclear accidents in order to minimize their consequences. They stressed the need for a rapid, timely, continuous, reliable and transparent dissemination of information on nuclear accidents with significant trans-boundary radiological effects in accordance with relevant international conventions.

195. The Ministers *emphasized* the need to improve national, regional and international preparedness and response to nuclear accidents and called for a strengthened role of the IAEA in emergency preparedness and response, including through assisting Member States, upon their request, on emergency preparedness and response to nuclear accidents, promoting capacity building, including education and training in the field of crisis management.

196. The Ministers *emphasized* that measures and initiatives aimed at strengthening nuclear safety and nuclear security must not be used as a pretext or leverage to violate, deny or restrict the inalienable right of developing countries to develop research, production and use of nuclear energy for peaceful purposes without discrimination.

197. The Ministers *emphasized* that the IAEA is the sole inter-governmental organization within the UN system with the mandate and expertise to deal with the technical subjects of nuclear safety and nuclear security.

198. The Ministers *stressed* that the issues related to proliferation, should be resolved through political and diplomatic means, and that measures and initiatives taken in this regard should be within the framework of international law, relevant conventions and the UN Charter, and should contribute to the promotion of international peace, and security.

199. The Ministers of NAM States Parties to the Biological and Toxin Weapons Convention (BTWC) *reaffirmed* that the possibility of any use of bacteriological (biological) agents and toxins as weapons should be completely excluded, and the conviction that such use would be repugnant to the conscience of humankind. They recognized the particular importance of strengthening the Convention through multilateral negotiations for a legally binding Protocol and universal adherence to the Convention. They *reiterated* their call to promote international cooperation for peaceful purposes, including scientific-technical exchange. They underlined the importance to maintain close coordination among the NAM States Parties to the Convention and highlighted that the BTWC forms a whole and that, although it is possible to consider certain aspects separately, it is critical to deal with all of the issues interrelated to this Convention in a balanced and comprehensive manner.

200. The Ministers of NAM States Parties to the BTWC *welcomed* the active participation by NAM States Parties in the Seventh BTWC Review Conference held in Switzerland from 5–22 December 2011, to advance their positions on this Convention, particularly their key role in the adoption of the important decisions related to the implementation of Article X of the BTWC, especially by emphasizing the need for enhancing international cooperation, assistance and exchanges in toxins, biological agents equipment and technology for peaceful purposes, bearing in mind the Action Plan on the implementation of Article X submitted by the NAM States Parties at the Sixth Review Conference, and the additional NAM States Parties' proposal on a mechanism for the full, implementation of Article X of the Convention presented more recently. They further encouraged the BTWC States Parties to implement the Article X, as set forth in paragraphs 50–61 of the Final Document of the seventh BTWC Review Conference. They also welcomed the outcome of the Seventh Review Conference and in particular its decision to include cooperation and assistance as one of the Standing Agenda Items, with a particular focus on strengthening cooperation and assistance under Article X, as well as the Conference's decision to establish a database system to facilitate requests for and offers of exchange of assistance and cooperation among States Parties, and the establishment of a Sponsorship Programme, funded by voluntary contributions from States Parties, in order to support and increase the participation of developing States Parties in the meetings of the inter-sessional programme in the framework of the BTWC.

201. The Ministers of NAM States Parties to the BTWC *emphasized* the importance of the BTWC role in the total prohibition on all biological and toxin weapons. They reiterated

that multilateral negotiations aimed at concluding a non-discriminatory legally binding agreement, dealing with all Articles of the Convention, in a balanced and comprehensive manner, would sustainably strengthen the Convention. They reaffirmed that the respective mandates of this Convention and other international organizations should be respected, while utilizing the experiences of the relevant multilateral organizations dealing with human and animal health on issues that are of direct relevance to the Convention, and that no actions should be taken to undermine the convention and/or interfere with its mandate.

202. The Ministers of NAM States Parties to the Chemical Weapons Convention (CWC) *welcomed* the successful conclusion of its Third Review Conference. They reiterated that a transparent, holistic and balanced approach shall prevail in follow-up to the recommendations adopted by the Third Review Conference. They *invited* all States that have not yet signed or ratified the Convention to do so as soon as possible with a view to its universality. They *reaffirmed* that the effective contribution of the Convention to international and regional peace and security can be enhanced through its full implementation, and in this context also encouraged all States Parties that have not yet done so to engage with the Technical Secretariat of the Organization for the Prohibition of Chemical Weapons on the steps that need to be undertaken for the national implementation of the Convention. They *reaffirmed* the importance of international cooperation in the field of chemical activities for purposes not prohibited under CWC. They *reiterated* their call on the developed countries to promote international cooperation for the benefit of States Parties through the transfer of technology, material and equipment for peaceful purposes in the chemical field and the removal of all and any restrictions that are contrary to the letter and spirit of the Convention. They recalled that the full, balanced, effective and non-discriminatory implementation of all provisions of the Convention, in particular economic and technical development through international cooperation, is fundamental to the achievement of its object and purpose.

203. The Ministers *welcomed* the successful destruction by Libya in February 2014 of all its Category 1 Chemical munitions. They expressed their serious concern that certain possessor States parties did not meet their obligations regarding the deadlines for the total elimination of chemical weapons and that nearly 18% of declared chemical weapons still remained to be destroyed as of 31 January 2014. They therefore urged all possessor State Parties to take every necessary measure to ensure their compliance with their "Detailed plan for the destruction of Chemical Weapons remaining after the final extended destruction deadline of 29 April 2012", in the shortest time possible, in order to uphold the credibility and integrity of the Convention.

204. Ministers *condemned* the use of chemical weapons in the Syrian Arab Republic, which reinforces the absolute necessity to eliminate all chemical weapons. In this regard, they *acknowledged* the accession of the Syrian Arab Republic to the Convention and the commitment to implement its obligations. They furthermore *encouraged* the Government of the Syrian Arab Republic to continue its commitment towards the elimination of the country's chemical weapons programme.

205. The Ministers of NAM States Parties to the CWC *reaffirmed* that the implementation of the Article X of the CWC on assistance and protection against chemical weapons make a significant contribution to countering the threats of use of chemical weapons. They *stressed* the importance of achieving and maintaining a high level of readiness of the OPCW to provide timely and needed assistance and protection against use or threat of use of chemical weapons, including assistance to the victims of chemical weapons.

206. The Ministers of NAM States Parties to the CWC *welcomed* the decision on Components of an agreed framework for the full implementation of Article XI adopted at the 16th Conference of the States Parties to the CWC and considered it as a positive step

towards achieving the goal of the full, effective and non-discriminatory implementation of Article XI. They attached high importance to the adoption of a Plan of Action for the full, effective and non-discriminatory implementation of all the provisions of Article XI. They welcomed the proposal of the Action Plan of Article XI presented by the NAM CWC States and China, which is currently being discussed at the OPCW.

207. The Ministers of NAM States Parties to the CWC, while paying due respect to the chemical weapons victims and their families, *declared* their firm conviction that international support to provide special care and assistance to all victims suffering the effects of exposure to chemical weapons is an urgent humanitarian need and that the States Parties to the Convention as well as the OPCW should pay urgent attention to meeting these needs. In this context, they *welcomed* the decision adopted at the 16th Session of the Conference of States Parties to establish an International Support Network for Victims of Chemical Weapons and a voluntary Trust Fund for this purpose.

208. The Ministers once again *condemned* the Israeli military aggression against the Gaza Strip in 2009 and the occupying power's indiscriminate shelling and bombing of Palestinian civilian areas, and expressed their grave concern over the reported use in civilian areas of harmful and potentially fatal incendiary weapons, such as white phosphorous. In this regard, they reiterated their call for a thorough investigation of this serious matter by relevant bodies under the appropriate international conventions and agreements.

209. The Ministers *regretted* unsubstantiated allegations of non-compliance with relevant instruments on weapons of mass destruction and *called on* States Parties to such instruments that make such allegations to follow procedures set out in those instruments and to provide necessary substantiation for their allegations. They called upon all States Parties to the respective international instruments to implement fully and in a transparent manner all their obligations under these instruments.

210. The Ministers *expressed* their satisfaction with the consensus among States on measures to prevent terrorists from acquiring weapons of mass destruction. They *welcomed* the adoption by consensus of the General Assembly Resolution 68/41 entitled "Measures to prevent terrorists from acquiring weapons of mass destruction" and underlined the need for this threat to humanity to be addressed within the UN framework and through international co-operation. While *stressing* that the most effective way of preventing terrorists from acquiring weapons of mass destruction is through the total elimination of such weapons, they *emphasized* that progress was urgently needed in the area of disarmament and non-proliferation in order to help maintain international peace and security and to contribute to global efforts against terrorism. They *called upon* all Member States to support international efforts to prevent terrorists from acquiring weapons of mass destruction and their means of delivery. They also *urged* all Member States to take and strengthen national measures, as appropriate, to prevent terrorists from acquiring weapons of mass destruction, their means of delivery and materials and technologies related to their manufacture.

211. While *noting* the adoption of resolution 1540 (2004), resolution 1673 (2006), resolution 1810 (2008) and resolution 1977 (2011) by the Security Council, the Ministers underlined the need to ensure that any action by the Security Council does not undermine the UN Charter and existing multilateral treaties on weapons of mass destruction and of international Organizations established in this regard, as well as the role of the General Assembly. They further cautioned against the continuing practice of the Security Council to utilize its authority to define the legislative requirements for Member States in implementing Security Council decisions. In this regard, they *stressed* the importance of the issue of non-state actors acquiring weapons of mass destruction to be addressed in an inclusive manner by the General Assembly, *taking into account* the views of all Member States.

212. Mindful of the threat posed to humankind by the existing weapons of mass destruction, particularly nuclear weapons and underlining the need for the total elimination of such weapons, the Ministers *reaffirmed* the need to prevent the emergence of new types of weapons of mass destruction and therefore *supported* the necessity of monitoring the situation and triggering international action as required.

213. The Ministers *reaffirmed* the sovereign right of States to acquire, manufacture, export, import and retain conventional arms and their parts and components for their self-defence and security needs. They *expressed* their concern about unilateral coercive measures and *emphasized* that no undue restriction should be placed on the transfer of such arms.

214. The Ministers *recognized* the significant imbalance in the production, possession and trade in conventional weapons between the industrialized and the Non-Aligned Countries, and called for a significant reduction in the production, possession and trade of conventional weapons by the industrialized states with a view to enhancing international and regional peace and security.

215. The Ministers *remained* deeply concerned over the illicit transfer, manufacture and circulation of small arms and light weapons (SALW) and their excessive accumulation and uncontrolled spread in many regions of the world. They *recognized* the need to establish and maintain controls over private ownership of small arms. They *called on* all States, in particular major arms producing States, to ensure that the supply of small arms and light weapons is limited only to Governments or to entities duly authorized by Governments and to implement legal restrictions and prohibitions preventing the illicit trade in small arms and light weapons. They *encouraged* all initiatives by States to mobilize resources and expertise as well as to provide assistance to strengthen the full implementation of the UN Program of Action to Prevent, Combat and Eradicate the Illicit Trade in SALW in All Its Aspects.

216. The Ministers *reaffirmed* the total validity of the Programme of Action and *emphasized* the importance of its prompt and full implementation and *stressed* that international assistance and cooperation is an essential aspect in its implementation. They welcomed the successful conclusion of the Second UN Conference to Review the Progress made in the Implementation of the Programme of Action, held in New York, from 27 August to 7 September 2012. *They acknowledged* the efforts undertaken by the Member States and regional and sub-regional organizations to implement the Programme of Action. They encouraged NAM Member States to actively participate in the Fifth Biennial Meeting of States to Consider the Implementation of the Programme of Action, due to be held in New York, from 16 to 20 June 2014. They called for the full implementation of the International Instrument to Enable States to Identify and Trace in a Timely and Reliable Manner the Illicit Small Arms and Light Weapons, which was adopted by the General Assembly.

217. The Ministers *emphasized* that the international assistance to support the implementation of the Programme of Action is still not commensurate with the needs of affected countries, taking into account the growing magnitude of the illicit trade in small arms and light weapons in all its aspects and the danger it continues to pose. They called for ensuring the adequacy, effectiveness and sustainability of such international assistance. They called for the provision of concrete assistance, including technical and financial assistance to developing countries upon their request. They emphasized that such assistance should not be made conditional on being part of, or detracting from, the recipient States' Official Development Assistance. They also called on the UN, in its activities in support of the implementation of the PoA, to rely further on the expertise available in developing countries.

218. The Ministers *noted* the adoption, by vote, of the Arms Trade Treaty by the UN General Assembly on 2nd April 2013. They also *noted* that the Treaty, which opened for signature on 3rd June 2013, aims at regulating trade in conventional weapons, including small arms and light weapons. In anticipation of the entry into force of the Treaty, they *called for* its balanced, transparent and objective implementation, in strict accordance with the principles of the UN Charter, and the inherent right of each State to security and to individual or collective self-defense. They also *underscored* that its implementation should, in no way, affect the sovereign right of States to acquire, manufacture, export, import and retain conventional arms and their parts and components for their self-defense and security needs.

219. The Ministers *continued* to deplore the use, in contravention of international humanitarian law of anti-personnel mines in conflict situations aimed at maiming, killing and terrorizing innocent civilians, denying them access to farmland, causing famine and forcing them to flee their homes eventually leading to de-population and preventing the return of civilians to their place of original residence. They called upon all States in the position to do so, to provide the necessary financial, technical and humanitarian assistance to landmine clearance operations, the social and economic rehabilitation of victims as well as to ensure full access of affected countries to material equipment, technology and financial resources for mine clearance.

220. The Ministers of NAM States Parties to the Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-Personnel Mines and on Their Destruction (the Mine Ban Convention) *reiterated* their commitment to the full implementation of the Cartagena Action Plan. They *invited* those States that have not yet done so to consider becoming parties to the Convention. They also *welcomed* the Global Conference on Assisting Landmine and other Explosive Remnants of War Survivors in the Context of Disability Rights and other Domains, held in Medellin, on 3rd-4th April 2014.

221. The Ministers *expressed* concern about the explosive remnants of the Second World War, particularly in the form of landmines which continue to cause human and material damage and obstruct development plans in some Non-Aligned Countries. They *called on* the States primarily responsible for laying these mines and leaving explosives outside their territories during the Second World War to cooperate with the affected countries and provide mine action support to affected countries, including information exchange, maps indicating the locations of mines and explosives, technical assistance for mine clearance, defrayal of the costs of clearance and compensation for any losses caused by mines-laid.

222. The Ministers of NAM States Parties to the Convention on Prohibition or Restrictions on the Use of Certain Conventional Weapons Which May be deemed to be Excessively Injurious or to Have Indiscriminate Effects (CCW) and its Protocols *encouraged* States to become parties to the Convention and its Protocols.

223. The Ministers *recognized* the adverse humanitarian impact caused by the use of cluster munitions and expressed solidarity with the cluster munitions-affected countries. They called upon all States in a position to do so, to consider providing the necessary financial, technical and humanitarian assistance to unexploded cluster munitions clearance operations, the social and economic rehabilitation of victims as well as to ensure full access of affected countries to material, equipment, technology and financial resources for unexploded cluster munitions clearance. They noted the convening of the Fifth Meeting of States Parties to the Convention on Cluster Munitions, to be held in Costa Rica from 1–5 September 2014.

224. The Ministers *underlined* the importance of the adoption by the General Assembly of resolution 67/36, taking into consideration the possible harmful effects to human health

and the environment, caused by the use of weapons and munitions containing depleted uranium.

225. The Ministers *welcomed* the adoption without a vote of General Assembly resolution 68/37 on the relationship between disarmament and development. They also *expressed* concern at the increasing global military expenditure, which could otherwise be spent on development needs. They further *stressed* the importance of the reduction of military expenditures, in accordance with the principle of undiminished security at the lowest level of armaments, and *urged* all States to devote resources made available from there to economic and social development, in particular in the fight against poverty. They *expressed* firm support for the unilateral, bilateral, regional and multilateral measures aimed at reducing military expenditures, thereby contributing to strengthening regional and international peace and security and recognized that confidence building measures assisted in this regard.

226. The Ministers *commended* the work of the NAM Working Group on disarmament, under the chairmanship of Indonesia, in coordinating issues of common concern to the Movement in the field of disarmament. They encouraged NAM delegations to continue to actively participate in the Working Group with a view to promote and achieve the objectives of the Movement.

227. Consistent with and guided by the aforementioned principled positions and *affirming* the need to promote, defend and preserve these positions, the Ministers *agreed* to:

227.1 Continue to pursue the positions and priorities of the Movement, as appropriate, in the relevant international fora; and

227.2 Task the NAM Coordinating Bureau to undertake efforts, as appropriate, with a view to achieving the objectives of the Movement at disarmament and international security meetings.

Resolution 68/46 of the General Assembly

Comments by Austria

Austria would like to offer the following comments in reply to the request submitted by the United Nations Office for Disarmament Affairs in its letter ref. ODA/29-2014/MNDN of 20 February 2014 concerning resolution 68/46 entitled "**Taking forward multilateral nuclear disarmament negotiations**":

Executive Summary

1. Austria supports any approach that promises results in taking forward multilateral nuclear disarmament negotiations for the achievement and maintenance of a world free of nuclear weapons.

2. Austria was one of the co-initiators of the Open-ended Working Group (OEWG) according to resolution 67/56. Austria perceives the work and results of the Open-ended Working Group as a great success and promotes the consensus report of the Open-ended Working Group from its 2013 session, which offers a constructive starting point to building bridges and finding common for the way forward.

3. Austria calls for concrete work of the international community to work on the elements that are essential to complement the existing international legal framework in order to achieve and maintain a nuclear weapon free world and to consider the options of how to frame these elements into one or more instruments.

4. Austria supports all interim measures, be they of practical, political or legal nature. They can be unilateral, bilateral and multilateral measures and include transparency and building confidence efforts. However, such measures cannot replace the required legal action at a multilateral level.

5. Nuclear disarmament is about creating human security for all around the globe. All States have a legitimate interest in multilateral nuclear disarmament. Austria calls for a broad approach of multilateral nuclear disarmament, engaging the whole United Nations membership, international and regional expertise, academia, parliamentarians and civil society at large. The substantive work by the Open-ended Working Group underscored again the added value of an inclusive and participatory approach.

6. Austria promotes that the international community re-establishes its past focus on the humanitarian consequences and risks of nuclear weapons that underpin our collective efforts on nuclear disarmament, including in the framework of the NPT. Austria firmly believes that this discussion contributes decisively to change the discourse on nuclear disarmament, to include a human and cooperative security approach and to increase momentum. Austria has announced to host the third international conference on the humanitarian impact of nuclear weapons on 8 and 9 December 2014 in Vienna.

7. Austria continues to promote and support disarmament and non-proliferation education as well as high-level political events – such as the high-level meeting of the United Nations General Assembly on 26 September 2013 – for raising awareness and

educating on the importance of nuclear disarmament at all levels.

8. Austria encourages other states to engage all actors that can play a role in taking nuclear disarmament forward, including academia, parliamentarians and civil society at large.

I. Steps already taken

1. Austria was among the countries that initiated the Open-ended Working Group (OEWG) according to resolution 67/56 to fill a void in the United Nations framework by creating a forum for open and interactive, substantive and constructive discussions on how to take forward multilateral nuclear disarmament. Austria actively participated in the work of the Open-ended Working Group in Geneva during its 2013 session, including through chairing and facilitating individual sessions, contributing to discussions, submitting working papers, and through supporting the participation of civil society and (co-) sponsoring of side-events.

2. At the same time, Austria continued her active engagement in discussions in the Conference on Disarmament in Geneva, at the United Nations Disarmament Commission in New York as well as in the deliberations of the First Committee of the United Nations General Assembly. In these and other frameworks, Austria has been promoting the Open-ended Working Group report and its elements.

3. At the sessions of the Preparatory Committee of the 2015 Review Conference of the Nuclear Non-Proliferation Treaty (NPT), Austria contributed with national reporting pursuant to Action 20 of the 2010 Action Plan as well as with working papers, side events and sponsorship of civil society on this issue.

4. Austria has been promoting that the international community re-establish its past focus on the humanitarian consequences and risks of nuclear weapons that underpin our collective efforts on nuclear disarmament, including in the Nuclear Non-Proliferation Treaty. Austria actively participated in the Oslo (February 2013) and Nayarit (March 2014) Conferences and supported the joint statements on the humanitarian impact of nuclear weapons at the United Nations and the NPT. Austria firmly believes that this discussion can contribute decisively to changing the discourse on nuclear disarmament to include a human and cooperative security approach and to increasing momentum for nuclear disarmament.

5. The Federal President of Austria participated in the 2013 High-Level Meeting on Nuclear Disarmament, where the urgency of nuclear disarmament regained its focus at the highest political level.

II. How to take forward multilateral nuclear disarmament negotiations:

6. Austria promotes the report of the Open-ended Working Group (A/68/514) that offers a constructive way forward and reflects the group's focus on building bridges and finding common ground. Austria is willing to support any approach that promises results for taking multilateral nuclear disarmament forward. While the efforts to agree to and implement a work programme in the Conference on Disarmament must continue, the current situation requires additional action along the following lines as identified in the report of the Open-ended Working Group (A/68/514):

(a) Work on the elements that are essential to complement the existing international legal framework in order to ensure the achievement and maintenance of a nu lear weapon free world;

(b) Consider the options of how to frame these elements into one or more instruments, in accordance with the call by the United Nations Secretary General to develop treaty frameworks and proposals;

(c) Take complementary as well as interim measures, whether practical, political and/or legal;

(d) Acknowledge that all United Nations Members States and civil society at large have a legitimate interest in multilateral nuclear disarmament negotiations and thus work towards an inclusive framework for discussions and negotiations;

(e) Ensure that a contribution can be made by various stakeholders to take forward multilateral nuclear disarmament negotiations. This includes international and regional organisations, academia, parliamentarians and civil society actors;

(f) Strengthen nuclear weapon free zones and establish new zones where they do not yet exist, including in the Middle East, as an important contribution to building a nuclear weapon free world;

(g) Further increase the understanding of the humanitarian impact and the risk of nuclear weapons and ensure that the nuclear weapon discourse is comprehensive and includes all aspects of these weapons. Considering the broad range of issues to be addressed, such discussions should not be limited to the nuclear disarmament forums alone. Austria has announced to host the third international conference on the humanitarian consequences of nuclear weapons in Vienna on 8 and 9 December 2014;

(h) Promote and engage in nuclear disarmament and non-proliferation education.

I. Consideration and adoption of the annual report of the Conference and any other report as appropriate to the General Assembly of the United Nations. 57–59 19

I. Introduction

1. The Conference on Disarmament submits to the sixty-ninth session of the General Assembly of the United Nations its annual report on its 2014 session, together with the pertinent documents and records.

II. Organization of the work of the Conference

A. 2014 session of the Conference

2. The Conference was in session from 20 January to 28 March, 12 May to 27 June and 28 July to 12 September 2014. During this period, the Conference held 28 formal plenary meetings, at which member States as well as non-member States invited to participate in the discussions outlined their views and recommendations on the various issues before the Conference.

3. The Conference also held 29 informal plenary meetings, including three of the Informal Working Group, on 24 February, 19, 21 to 23 May, 4 to 6, 11 to 13, 17, 18 to 20, 25 to 26 June, 28 July, 15 and 18 August, 2 to 3 and 9 September 2014.

4. In accordance with rule 9 of the rules of procedure, the following member States assumed successively the Presidency of the Conference: Israel, Italy, Japan, Kazakhstan, Kenya and Malaysia.

5. At the first plenary meeting of the 2014 session on 21 January 2014, Mr. Ban Ki-moon, Secretary-General of the United Nations delivered a statement in which he, inter alia, called for the Conference on Disarmament, as the sole standing body on disarmament negotiations, to make 2014 a year of creativity and action. In seeking progress, he emphasised on the value of structured discussions which can provide a foundation for future negotiations. Stressing the importance for the Conference on Disarmament to begin substantive negotiations, he recalled past achievements of the Conference and its potential to contribute substantively to international peace and security and called upon the Conference to live up to the international community's expectations (CD/PV.1302).

6. Upon the joint invitation of the first President of the Conference, Mr. Eviatar Manor, Ambassador of Israel and of the Acting Secretary-General of the Conference on Disarmament and Personal Representative of the Secretary-General of the United Nations, Mr. Michael Moller, the following dignitaries addressed the Conference on Disarmament: Mr. Peter Javorcik, State Secretary of the Ministry of Foreign and European Affairs of Slovakia (CD/PV.1308); Mr. Héctor Marcos Timerman, Minister for Foreign Affairs of Argentina (CD/PV.1308); Mr. Benedetto Della Vedova, Secretary of State for Foreign Affairs of Italy (CD/PV.1308); Mr. Dimitris Kourkoulas, Deputy Minister for Foreign Affairs of Greece (CD/PV.1308); Mr. Yerzhan Ashikbayev, Deputy Minister for Foreign Affairs of Kazakhstan (CD/PV.1310); Mr. Hirotaka Ishihara, Parliamentary Vice Minister for Foreign Affairs of Japan (CD/PV.1310); Ms. Lynne Yelich, Minister of State for Foreign Affairs of Canada (CD/PV.1310); Mr. Szabolcs Takács, Deputy State Secretary of Hungary (CD/PV.1310); Mr. Lubomír Zaorálek, Minister for Foreign Affairs of the Czech Republic (CD/PV.1310); Mr. Sheik Mohammed bin Abdulrahman bin Jassim Al-Thani, Minister's Assistant for International Cooperation Affairs of Qatar (CD/PV.1310); Mr. Peter Stenlund, Secretary of State of Finland (CD/PV.1311); Mr. Gonzalo de Benito Secades, State Secretary for Foreign Affairs of Spain (CD/PV.1311); Mr. Edgars Rinkēvičs, Minister of Foreign Affairs of Latvia (CD/PV.1311); Ms. Julie Bishop, Minister for Foreign Affairs of Australia (CD/PV.1314); and Mr. Mankeur Ndiaye, Minister of Foreign

Affairs of Senegal (CD/PV.1319). In addition, Mr. John W. Ashe, President of the United Nations General Assembly also addressed the Conference (CD/PV.1308).

7. In their addresses, these dignitaries variously expressed support for the Conference, expressed concern about its current situation, called upon the Conference to do its part to advance the international agenda by overcoming its ongoing deadlock, and set out their national priorities for the work of the Conference.

8. The substantive secretariat of the Conference on Disarmament was composed as follows: Mr. Michael Møller, Acting Secretary-General of the Conference on Disarmament and Personal Representative of the Secretary-General of the United Nations, Mr. Jarmo Sareva, Deputy Secretary-General of the Conference on Disarmament and Director of the United Nations Office for Disarmament Affairs, Geneva Branch, and Mr. Ivor Richard Fung, Senior Political Affairs Officer and Secretary of the Conference on Disarmament.

B. Participants in the work of the Conference

9. The representatives of the following 65 member States participated in the work of the Conference: Algeria, Argentina, Australia, Austria, Bangladesh, Belarus, Belgium, Brazil, Bulgaria, Cameroon, Canada, Chile, China, Colombia, Cuba, Democratic People's Republic of Korea, Democratic Republic of the Congo, Ecuador, Egypt, Ethiopia, Finland, France, Germany, Hungary, India, Indonesia, Iran (Islamic Republic of), Iraq, Ireland, Israel, Italy, Japan, Kazakhstan, Kenya, Malaysia, Mexico, Mongolia, Morocco, Myanmar, Netherlands, New Zealand, Nigeria, Norway, Pakistan, Peru, Poland, Republic of Korea, Romania, Russian Federation, Senegal, Slovakia, South Africa, Spain, Sri Lanka, Sweden, Switzerland, Syrian Arab Republic, Tunisia, Turkey, Ukraine, United Kingdom of Great Britain and Northern Ireland, United States of America, Venezuela (Bolivarian Republic of), Viet Nam and Zimbabwe.

C. Attendance and participation of States not members of the Conference

10. In accordance with the rules of procedure and the decision taken at its 1990 session on its improved and effective functioning (CD/1036), the Conference received and considered requests for participation in its work from 40 States not members of the Conference. Accordingly, the Conference invited the following non-member States to participate in its work: Albania, Armenia, Azerbaijan, Bosnia and Herzegovina, Brunei Darussalam, Costa Rica, Croatia, Cyprus, Czech Republic, Denmark, Dominican Republic, Estonia, Georgia, Ghana, Greece, Guatemala, Holy See, Jamaica, Jordan, Kuwait, Kyrgyzstan, Latvia, Lithuania, Luxembourg, Malta, Montenegro, Nepal, Oman, Philippines, Portugal, Qatar, Republic of Moldova, Saudi Arabia, Serbia, Singapore, Slovenia, Thailand, The former Yugoslav Republic of Macedonia, United Arab Emirates and Uruguay.

11. The following documents dealing with the issue of attendance and participation of States not members of the Conference were submitted to the Conference:

(a) CD/1968, dated 28 January 2014, entitled "Letter dated 21 January 2014 from the Permanent Representative of the Republic of Turkey addressed to the Acting Secretary-General of the Conference on Disarmament regarding the requests for participation in the work of the conference during 2014 from non-member States";

(b) CD/1969, dated 17 February 2014, entitled "Letter dated 12 February 2014 from the Permanent Representative of Cyprus addressed to the Acting Secretary-General of the Conference on Disarmament regarding the position of Cyprus on the issue raised in document CD/1968 dated 28 January 2014".

D. Agenda and programme of work for the 2014 session

12. At its 1302nd plenary meeting on 21 January 2014, following a debate in which the content of the draft agenda presented by the President of the Conference, Mr. Eviatar Manor, Ambassador of Israel was reviewed in accordance with rule 29 of the rules of procedure, the Conference on Disarmament adopted its agenda for the 2014 session (CD/PV.1302). The agenda (CD/1965) reads as follows:

> "Taking into account, inter alia, the relevant provisions of the Final Document of the First Special Session of the General Assembly devoted to disarmament, and deciding to resume its consultations on the review of its agenda, and without prejudice to their outcome, the Conference adopts the following agenda for its 2014 session:
>
> 1. Cessation of the nuclear arms race and nuclear disarmament.
> 2. Prevention of nuclear war, including all related matters.
> 3. Prevention of an arms race in outer space.
> 4. Effective international arrangements to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons.
> 5. New types of weapons of mass destruction and new systems of such weapons; radiological weapons.
> 6. Comprehensive programme of disarmament.
> 7. Transparency in armaments.
> 8. Consideration and adoption of the annual report and any other report, as appropriate, to the General Assembly of the United Nations."

13. Subsequently, the President made the following statement: "In connection with the adoption of the agenda, I, as the President of the Conference, should like to state that it is my understanding that if there is a consensus in the Conference to deal with any issues, they could be dealt with within this agenda. The Conference will also take into consideration paragraphs 27 and 30 of the rules of procedure of the Conference."

14. Pursuant to paragraph 59 of the 2013 report of the Conference (CD/1963), and further noting the provisions of CD/1956/Rev.1, the last President of the 2013 session (Ireland) and the first President of the 2014 session (Israel), conducted informal consultations during the inter-sessional period with a view to commencing early substantive work during the 2014 session of the Conference.

15. At the 1308th plenary meeting on 3 March 2014, the Conference adopted the draft decision CD/1974 submitted by the President of the Conference, Mr. Vinicio Mati, Ambassador of Italy, to re-establish an Informal Working Group, which reads as follows:

> *"The Conference on Disarmament,*
>
> In pursuance of its Agenda contained in CD/1965,
>
> Stressing the importance of adoption and implementation of a balanced and comprehensive programme of work at the earliest possible date in its 2014 session,
>
> Without prejudice to the rules of procedure of the Conference and the responsibilities entrusted to the President under the rules of procedure of the Conference on Disarmament, in particular rule 29 for drawing up the programme of work of the Conference,

decides

1. To re-establish the informal working group (hereinafter referred to as the Group), pursuant to rule 23 of its rules of procedure, with a mandate to produce a programme of work robust in substance and progressive over time in implementation.

2. That the President of the Conference on Disarmament shall chair the Group and shall be assisted by a co-chair who shall carry out consultations on his/her behalf. For the 2014 session, the co-chair and vice-co-chair shall be Mr. Luis Gallegos Chiriboga, Ambassador of Ecuador and Mr. Peter Richard Woolcott, Ambassador of Australia, respectively.

3. That the Group shall remain open to all member States of the Conference on Disarmament and to those interested non-member States that the Conference has invited to participate, as observers, in its work during the 2014 session, in accordance with the rules of procedure of the Conference and the decision taken at its 1990 session on its improved and effective functioning (CD/1036).

4. That, in its work, the Group shall continue to use the rules of procedure of the Conference, mutatis mutandis. In particular, the Group shall conduct its work and adopt its decisions by consensus, as provided by rule 18 of the rules of procedure of the Conference.

5. That the Group shall hold meetings during the 2014 session as per timetable established by its co-chair in consultation with the President. Such meetings shall be open to all members and observers of the Conference, in accordance with paragraph 3 above.

6. That the co-chair shall report to the President of the Conference on Disarmament on the progress of the work of the Group on a regular basis and, at the President's request, to the plenary according to the rules of procedure. The President shall submit the final report on the work of the Group to the Conference as early as possible, but no later than the fourth week of the third part of the 2014 session of the Conference on Disarmament for consideration and adoption in accordance with the Conference's rules of procedure. Taking into account, and pursuant to rule 29 of the rules of procedure, the President will draw up a programme of work of the Conference for consideration and adoption."

16. The Informal Working Group held three meetings, respectively on 19 May, 28 July and 18 August 2014. On 2 September 2014, the President of the Conference, Mr. Mazlan Muhammad, Ambassador of Malaysia, addressed a letter to the Conference submitting the report of the Co-Chair and Vice Co-Chair on the work of the Informal Working Group (CD/2000). The Conference took note that the report of the Co-Chair and Vice Co-Chair was prepared in their personal capacity and without prejudice to the national positions of member States. Member States' views on the Informal Working Group and the report of its Co-Chair and Vice Co-Chair are duly reflected in the plenary records of the Conference.

17. Throughout the 2014 session, successive Presidents of the Conference conducted intensive consultations with a view to reaching consensus on a programme of work on the basis of relevant proposals. Delegations expressed their views on the issue of a programme of work, accounting for relevant proposals and suggestions, which are duly reflected in the plenary records. However, despite these efforts, the Conference did not succeed in reaching consensus on a programme of work in 2014.

18. At the 1314th plenary meeting on 26 March 2014, under the Presidency of Mr. Toshio Sano, Ambassador of Japan, the Conference agreed upon a schedule of activities of the 2014 session of the Conference on Disarmament (CD/1978). Pursuant to

CD/1978, a series of informal open-ended meetings on all the items listed in the agenda of the Conference were held. These informal discussions were neither pre-negotiations nor negotiations, and complemented, and in no case replaced, the Conference on Disarmament's on-going activities. The coordinators were required to report, in their personal capacity, on the discussions of the various substantive agenda items to the President who, in conjunction with each of them, would finalize the reports, under his/her own responsibility. The reports would not affect in any way the positions of the members of the Conference on Disarmament.

E. Expansion of the membership of the Conference

19. The question of the expansion of the membership of the Conference was addressed by delegations in plenary meetings (CD/PV.1320 and CD/PV.1324). Their views on the issue are duly reflected in the plenary records. Suggestions were made for the appointment of a special rapporteur on enlargement.

20. Since 1982, requests for membership have been received from the following 27 non-members, in chronological order: Greece, Croatia, Kuwait, Portugal, Slovenia, Czech Republic, Costa Rica, Denmark, The former Yugoslav Republic of Macedonia, Cyprus, Lithuania, Ghana, Luxembourg, Uruguay, Philippines, Azerbaijan, Libya, Armenia, Thailand, Georgia, Jordan, Estonia, Latvia, Malta, Serbia, Republic of Moldova and Qatar.

F. Review of the agenda of the Conference

21. The review of the agenda of the Conference was addressed by delegations in plenary meetings. Their views on the issue are duly reflected in the plenary records.

G. Improved and effective functioning of the Conference

22. The improved and effective functioning of the Conference was addressed by delegations in plenary meetings. Their views on the issue are duly reflected in the plenary records.

23. At the 1316th plenary meeting on 20 May 2014, the Acting Secretary-General of the Conference on Disarmament and Personal Representative of the Secretary-General of the United Nations, Mr. Michael Møller suggested options that could be explored by the Conference. He provided four suggestions: to consider negotiations on areas of common ground with a view eventually to produce framework conventions to which substantive protocols may be subsequently negotiated and added; to explore issues for which voluntary, politically binding regimes may be negotiated; to consider the establishment of a subsidiary body to examine and make proposals on the improvement of the working methods of the Conference and the holding of an informal conference on disarmament-civil society forum, hosted by the Acting Secretary-General of the Conference on Disarmament (CD/PV.1316). At the 1319th plenary meeting on 10 June 2014, Mr. Michael Møller further elaborated on his suggestions (CD/PV.1319). Divergent views were expressed by the member States on these suggestions. These views are duly reflected in the plenary records.

24. No documents were submitted to the Conference on this subject.

H. Communications from non-governmental organizations

25. In accordance with rule 42 of the rules of procedure, a list of communications from non-governmental organizations or their representatives was circulated to the Conference (CD/NGC/48).

26. In line with the decision taken at the 1172nd plenary meeting (CD/PV.1172) to mark International Women's Day, a statement of the NGO Women's International League for

Peace and Freedom was read by Ms. Mia Gandenberger on behalf of the Women's International League for Peace and Freedom at the 1312th plenary meeting on 11 March 2014 (CD/PV.1312).

27. During the general debate, delegations reaffirmed or further elaborated their respective positions on the Conference's interaction with civil society. Their views are duly reflected in the plenary records of the Conference.

III. Substantive work of the Conference during its 2014 session

28. During the general debate of the Conference, delegations affirmed or further elaborated their respective positions on the agenda items. These positions are duly recorded in the plenary records of the session.

29. Pursuant to the decision on a schedule of activities (CD/1978), the Conference held informal meetings on the substantive agenda items, coordinated by Representatives to the Conference.

30. Under the authority of the President, the coordinators were tasked to organize and chair the debates in a comprehensive manner and without preconditions, taking into account all relevant past, present and future views and proposals. These discussions were neither pre-negotiations nor negotiations.

31. Informal meetings on agenda items 1 and 2 with a general focus on nuclear disarmament were coordinated by Mr. Walid Mahmoud Abdelnasser, Ambassador of Egypt; agenda items 1 and 2 with a general focus on the ban of the production of fissile materials for nuclear weapons and other nuclear explosive devices by Mr. Michael Biontino, Ambassador of Germany; agenda item 3 by Mr. Matthew Rowland, Ambassador of the United Kingdom of Great Britain and Northern Ireland; agenda item 4 by Ms. Marta Maurás, Ambassador of Chile; and agenda items 5, 6 and 7 by Mr. Mikhail Khvostov, Ambassador of Belarus.

32. On 12 August 2014, pursuant to CD/1978, the President of the Conference, Mr. Anthony Andanje, Ambassador of Kenya addressed a letter to Mr. Michael Moller, Acting Secretary-General of the Conference transmitting the reports of the five Coordinators, prepared in their personal capacity and finalised by the President under his own responsibility, on the discussions held on the substantive agenda items, pursuant to the schedule of activities adopted by the Conference (CD/1995).

33. The list of documents issued by the Conference, as well as the texts of those documents, are included as appendix I to this report. An index of the verbatim records, by country and by subject, listing the statements made by delegations during 2014 and the verbatim records of the formal plenary meetings of the Conference, is attached as appendix II to this report.

34. The Conference had before it a letter dated 20 January 2014 from the Secretary-General of the United Nations transmitting the resolutions and decisions on disarmament and international security matters adopted by the General Assembly at its sixty-eighth session in 2013, including those making specific reference to the Conference on Disarmament (CD/1964 and Add.1). The latter are listed below:
